Many Mahomedan and Hindu gentlemen were present at the embarkation, and a large crowd of people thronged the beach to witness His Excellency's departure. Only one feeling prevailed among all classes on the spot—that of sincere regret at the great loss Madras has sustained in the severance of His Excellency's connection with this Presidency and its affairs. There was hardly a dry eye on the Beach when his Excellency was leaving it, and on all sides was heard the remark proceeding from the people—"a good man is leaving us."—*Times and Spectator, June 25.*

Feroze Shah one of the Delhi Shahzadahs, and the colleague of Tantia Topee during his declining fortunes, has managed to elude all his pursuers, and to reach a haven of temporary safety. He arrived at Candahar in March last, and after a short sojourn there, proceeded on to Persia, whence it is probable he will go to Mecca.—*Id., June 26.*
