

Genealogy (Shajra-e-Nasab) Of **RAJPUTS** BY **CH.S.K.NIAZ**

Introduction of Rajputs:-

Rajput word is from Sanskrit word "*Raja-Putra*" means "**Son of a King**". **Rao & Roy** is used as a title and **Khan** is also a title. **The Turks used the word "KHAN" for their kings. Emperor Taizong of Tang defeated the Turks in 626 and used Khan for the first time.**

RAJPUT is a member of one of the patrilineal clans of western, central, northern India and current eastern Pakistan. They seem to have risen to prominence from the late 6th century CE and governed the majority of princely states in Rajasthan and Surashtra during the period of the British Raj.

The Rajput population and the former Rajput states are found spread through much of the subcontinent, particularly in north, west and central India. Populations are found in **Rajasthan, Gujarat, Uttar Pradesh, Himachal Pradesh, Haryana, Jammu, Punjab, Sindh, Uttarakhand, Madhya Pradesh and Bihar.**

CHAUDHRY was a **title** given by the **BRITISH GOVERNMENT TO THE RAJPUT ALPIAL** of ELAACA-e-SOWAN ROY SHER KHAN of Village CHAKRI who was one of his forefathers **CH.NISAR ALI KHAN (INTERIOR MINISTER OF PAKISTAN)** and his **RAJPUT ALPIAL WARRIORS of ELAACA-e-SOWAN** who defeated **SIKHS** at the place of MARGALA (SIRI-KUP) By Helping BRITISH ARMY. Since that time **RAJPUT ALPIAL** became to use the title of **CHAUDHRY** instead of **ROY**.
